Subject: Re: Bioprinter

Steve- here is what to order for extrusion parts, for one printer:

order from: us.misumi-ec.com

[MISUMI Part No.]:HNKK5-5 [Quantity]:2
[MISUMI Part No.]:HFS5-2020-265-TPW [Quantity]:4
[MISUMI Part No.]:HFS5-2020-300-TPW [Quantity]:4
[MISUMI Part No.]:HFS5-2020-385-TPW [Quantity]:2
[MISUMI Part No.]:HFS5-2020-380-TPW [Quantity]:4

The first line is a bag of t-slot nuts.
each other line is a 20mm X 20mm extrusion cut to length in mm as specified in the third field.
the -TPW requests the center hole on both sides be tapped.

I will start forwarding the rest later this evening.
